

## **Thermo Fisher Scientific & Naizak Global Engineering Systems Present Thermo Scientific Integrated Informatics**

**There is no cost to attend this event.**

**Wednesday 18 November – Thursday 19 November**

**[The Conrad Hotel, Sheikh Zayed Road, Dubai, UAE](#)**

Registration is open NOW - [click here](#) to confirm your place.

We are excited to announce this important event to our valued customers and selected laboratory Informatics professionals. Our specially tailored program includes:

- An Executive Welcome from Thermo Fisher Scientific & Naizak Global Engineering Systems – Your Informatics Partners
- A look at SampleManager 12.0 - The world's most widely deployed LIMS is now fully web enabled and mobile
- Thermo Scientific™ Integrated Informatics™ - A comprehensive solution comprising Laboratory Management, Method Execution and Scientific Data Management

A certified technical training program including instrument integration using a file-based data transfer and a Design My LIMS workshop will ensure you achieve maximum value from your Informatics investment.
